*A retreat allows us to be free from our usual activities and gives us space to go more deeply into our yoga practice. During the retreat we will explore postures, breathing, relaxation, meditation and self-enquiry.*

This approach emphasizes working with the energy body. Through a letting go and listening without anticipation we allow the body sensation to unfold. We discover in the process, our real body to be light, transparent and expanded in space. In our practice we avoid all mechanical movement and end-gaining, but live moment to moment in the sensation. Practising yoga in this way has a completely different quality. Old patterns melt away and we are open to deeper dimensions of ourselves. Yoga brings us to know ourselves in silence.
